

Fushan International Energy Group Limited Was Included As MSCI Emerging Markets Index

(13 August 2009, Hong Kong) Fushan International Energy Group Limited (“Fushan Energy” or the “Company”; stock code: 639.HK) is pleased to announce that the Company will be added to MSCI Emerging Markets Index by Morgan Stanley Capital starting from next month.

MSCI Index component stocks are large cap stocks with relatively sound performance and financial status and are subject to a series of evaluation on such aspects as transaction volume, price, outstanding shares, substantial shareholder and restrictions on the foreign investment etc. Selected stocks would be classified by industry and other criteria. Consisted of 25 new markets, MSCI Emerging Market Index is representing cash flowing index in the global market.

Commenting on the new movement, the executive director of Fushan Energy, Mr. SO Kwok Hoo, stated: “Fushan Energy maintains the steady development. The inclusion of Fushan Energy as the MSCI Emerging Markets Index has proven that the prominent growth of results and its stable return of investment have gained the wide spread recognition of worldwide investors. Looking ahead, the Company will endeavor to develop its coal resource business, expand its quality customer base and enhance its market competitiveness through strengthening product structure and cost control. Besides, the Company will facilitate a deeper understanding of its business management and business potentials among investors by further increasing transparency in terms of corporate governance and bring maximum returns to our investors

About Fushan International Energy Group Limited

Fushan International Energy Group Limited is one of the most sizable integrated coal corporations in central-western China. Taking Shanxi Province as its major investment base, it is principally engaged in mining of coking coal and production and sales of raw and clean coking coal. The Group had finished the acquisition of three high-quality coking coal mines which are located in Liulin County, Shanxi Province, namely Xingwu Coal Mine, Jinjiazhuang Coal Mine and Zhaiyadi Coal Mine on 25th July 2008. Meanwhile, the Group has established the core operation development in the coking coal field. In the purpose of further expanding premium customers and long-term stable development, the Group entered into a long-term strategic cooperation agreement with Shougang Corporation, and introduced Shougang Corporation as the strategic shareholder of the Group. In addition, the Group entered into sales agreements with major iron and steel manufacturers in China, such as Tangshan Iron & Steel, Wuhan Iron & Steel, Inner Mongolia Iron & Steel, and Taiyuan Iron & Steel, etc. and supply products pursuant to the contracts.

On 9th March 2009, Fushan International Energy Group Limited was included as a constituent stock of Hang Seng Composite Index by Hang Seng Indexes Co.Ltd.. In terms of industries, the Company will be classified under “Energy”. In geographical terms, it will be classified as a constituent stock of Hang Seng Mainland Composite Index or Hang Seng Mainland Freefloat Index. The inclusion of Fushan Energy as the Constituent Stock of the Hang Seng Composite Index has proven that the prominent growth of results and its stable return of investment have achieved extensive recognition of Hong Kong and international investors.
